Re: Solvents Recovery Service of N.J., Inc.
Linden, N.J.
IRLG Referral

Dear Sir:

An investigation was conducted at the above firm in connection with your referral.

Citations regarding the use of improper personal protective equipment, i.e., safety glasses without side shields and failure to inspect SCBSs were issued.

Air tests for different solvents did not disclose a violation of Federal Standards.

Very truly yours,

Richard J. Palmieri
